

- 2,612 interviews conducted and processed among school children aged 11-16 in schools in England and Wales.
- Pupils were selected from a random sample of schools drawn from the Edubase database (a database of schools supplied by the Department for Education).
- Self-completion questionnaires were completed at school between 6th February - 17th May 2017.
- Results are based on ALL participating pupils, unless otherwise stated.
- Data are weighted by school year, gender and region to match the profile of school children across England and Wales.
- An asterisk (\*) represents a value of less than half a per cent, but not zero
- Where results do not sum to 100%, this is due to multiple responses or computer rounding.

Trend data from previous Sutton Trust Young People Omnibus surveys has been included where applicable.

How likely or unlikely are you to go into higher education when you are old enough?	2017	2016	2015	2014	2013	2012	2011	2010	2009	2008	2007	2006	2005	2004	2003
